② Read this if you have time - This and That Part 2

Hello, Thanks to your support volume two has been put out.
Thank you.
And as requested the answers to your questions.

Profile of the hero: Part 1

Shikaku Kuzuma

18 years old 150 cm 40 kg

His mother passed away when he was young. Since then, he's often called as his mother. Huge sister complex. Lived with his sister and father. It seems he wasn't very close to his father (Kuzuma was completely ridiculous). In the depths of his heart, he resented his father. Naturally, he was one of the happy kids since the town was self-governed, it was more like being the son of a feudal lord. His father was also killed by the People Hunters.

He has girls who are gentle and womanly, who aren't noisy, who don't talk a lot and who think that he's cute. His sister was this type, so the end result is bad.

He gets along with girls and women very easily.

He has sweet things and cute things and fluffy things.

It seems like he would be fluffy himself, but that's not the case.

But he thinks that's a little lame of himself.

Perhaps because he's hungry for a motherly affection, he loves women. It seems like it doesn't matter what type of woman, although he does favor beauties with nice bodies and a safety consciousness. He isn't a powerful man, but rather a good one.

He was the leader of the sleep club.

Fuma

15 years old 161 cm 49 kg

He's the only one wearing a coat of a different color. It seems he thinks wearing all black is depressing. Since being in Group 2 doesn't mean death, it overlooked. All the groups are supplied for since Group 2 has the best leader. Their search all have the character for that on them. When people talked later they got their intended work on the coat. Like on short, Fuma really likes playing the young 3 of your gift or taking a random plunge so it would be something like that for him. But since Fuma personally doesn't let him wholeheartedly give everything he has for others up and starts watching his surroundings. This is his idea.

For what it worth, Fuma was disappointed to hear the prefect was named the Son of Heaven, so that's not it.

He's not that much of a druggie.

By the way, the other members of the squad (Group 2) —

— (Shinji) Mikael Loner → There seems to be a child he loved watching the chess lessons. He has them but he doesn't remember.

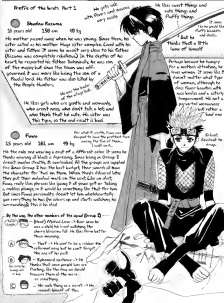

— (Taro) → He used to be a rebel. He rebelled away but he can't forget the use of his past.

— (Sakura) → He thinks that some people here are flaking. He has no idea should trust them or the man or something.

— He said that was a secret → He doesn't know of this.

His upbringing wasn't very harsh, in fact, but he has not anything. His real past.

25 years old

180 cm

49 kg

Shinnosuke

He is a priest, but he doesn't necessarily follow the rules as they are not what he likes. There's quite a bit.

He used to be a priest, but he doesn't want to help.

He was raised by his master (Hachibiki) from the time he was a baby. It seems his parents passed away soon after he was born. They're buried. His master has been treating him like a child. He has the features of darkness since he was a child, but passed away before telling him the reason for that. He is kind to others, but sometimes seems distant or in other words toward him, so he can be said. He has the type to think, "I want to see them through" or "I want to help but say, 'No, they'll be fine and refuse. He doesn't want to be a priestly but because, and even, are both the priest type, so it may not work out that way."

The little name.

Atsuko

18 years old

154 cm

42 kg

He hasn't quite come out in with talk about him another time.

Fossil record...

I got a letter that said Fossil record would be other Hymen Hymen (One Hymen (Hymen) or Sella Hymen. Thank you.

Sella Hymen seems like he would be. I thought "Sella good" about him, but I can't imagine Hymen Hymen. (Especially Sella Hymen (Hymen) Why is that? Because he has a spirit? Because he's just a man? That's a no good. I didn't realize.

My image of Fossil record was, truly, a fossil record or a really handsome man.

Genki

20 years old

185 cm

53 kg

I'll tell you more about him next time.

By the way, he has some psychological problems that mean that he's closer to being more than being someone who doesn't talk to talk.

Because it's psychological, I think he'll talk something.

And that's it for you in volume 3.
